# Cage Wash Rack

Options and Accessories

## Tray Wash Rack

The ANTWR763075 tray wash rack offers a two tier design that can hold up to 32 waste trays for washing. The offset rod layout allows the trays to be oriented at an angle to the spray in the cage washer. Stainless steel welded construction with stainless steel rod and casters.

## Adjustable Wash Rack

The ANCWR603280A adjustable cage wash rack has 6 baskets with 3 position adjustable tilt. It offers increased flexibility and is able to accommodate a wider range of cages, lids and other items. Stainless steel rod construction with stainless steel casters.

## *Custom and other models available*

Custom sizes, different cages, multiple baskets, custom basket angle, overall configurations, autoclavable, and other options as per customer specifications.
